Tripod

Are Self-saucing

Cuter than an armful of puppies, funkier than white boys should be and smarter than a nasty graze! Buckle up for the fast-paced onslaught of comedy and music that IS Tripod. They tell jokes, they sing songs, they perform certain acts, they nurture uncomfortable silences, they are high maintenance and high energy.

One of the most recognisable and popular comedy acts in Australia, they recently hosted the Network Ten Melbourne Comedy Festival Special *Seriously Funny* and appear regularly on Rove Live, Skithouse, Triple J and the Melbourne Comedy Festival Roadshow.

Not to be missed!
